MEMORANDUM FOR See Distribution

SUBJECT: Policy Letter 04-07, Chocking Tactical and Combat Vehicles

1. References: AR 385-55, Prevention of Motor Vehicle Accidents
2. I am directing vehicle operators, supervisors and commanders to ensure that all tactical and combat vehicles are chocked when parked outside. This requirement to chock vehicles when outside eliminates any confusion on the part of the vehicle operator as to what constitutes an incline.
3. The NSN for "chock, wheel-track" is 2540-00-678-3469.
4. Point of contact for this action is LTC Natalie Kelly at 523-4421.
