

Utility Information

The following is a list of cities that are/have been involved in the utility abatement program. *It is constantly changing.* If your city is not listed below, take this list info your city and ask them if they are willing to participate.

Families must take a copy of the ORDER to the city billing office to get the program started. Each city is running the program individually, so procedures may vary. PLEASE notify the city as soon as servicemember returns, to end this program. Abuse may cause the program to cease for future deployments.
